While card holders (you) should go through our detailed [T&Cs](#), these MITC provide a basic snapshot of the critical terms of your Credit Card which you must go through. Both T&C and MITC documents should be read to get a full understanding of the Credit Card conditions. These are subject to change from time to time and the most recent one would be available on this website.

Late payment charges : Late payment charges would be applicable if the minimum amount due is not paid by the due date. Charge applied is dependent on the total amount due on the card. Mail Order/Telephone Order: You understand that any mail order or telephone order (MOTO) purchases using the card are blocked by default. Bank shall have the sole discretion in categorising any MOTO transaction

II. Interest free period and interest calculation

Interest free period from the start of the billing cycle date shall not exceed 48 Days. Payment Due Date on your Card is 18 days after the Statement Date (please check your statement for your exact payment due date). Therefore, the interest free credit period can range from 18-48 days depending on your payment due date and date of purchase.

For example, if a statement is generated on 01 May (for the spend period 01 April – 30 April), and due date is on 18 May – interest free period will be 30 days for a purchase made on 18 April (18 April – 17 May) and 20 days for a purchase made on 28 April (28 April – 17 May).

This period will be free of interest only if all previous dues are paid in full and there is no unpaid balance carried over from previous months. However, if the Total Amount Due is not paid by the payment due date, then there will be no interest free period. For cash advances, interest is charged from the date of the transaction until the date of payment, however, cash withdrawal facility is not available on the Credit Card right now.

The following illustration will indicate method of calculating interest charges:

Illustration 1 – Full repayment not made

Consider the following scenario:

Billing Cycle : 01 April – 30 April

Statement generation date: 01 May

Due Date : 15 May

Annual Interest Rate/APR: 45%

Suppose a customer makes 2 purchases during the cycle, a purchase of Rs 2000 on 05 April and a transaction of Rs 10,000 on 15 April. There are no other transactions in the months of April and May.

Statement Details for the period 1 April – 30 April:

Purchase on 05 April	Rs 2000
Purchase on 15 April	Rs 10,000
Total Due in Statement on 1 May	Rs 12,000
Minimum Amount Due in Statement Generated on 1 May	Rs 600 (5% of total due)
Repayment	Rs 5000 on 10 May

Since the total amount due has not been paid, interest will be charged on a per day basis on the amount overdue. Calculations below:

Amount Due	Period	Interest calculation (Days x Amount x Per day interest Rate)	Interest Charges
Rs 2000	05 Apr-14 Apr	$13 \times 2000 \times 48\% \times (1/365)$	Rs 54.8
Rs 12,000	15 Apr - 30 Apr	$16 \times 12000 \times 48\% \times (1/365)$	Rs 526.0
Rs 12,000	01 May- 10 May	$10 \times 12000 \times 48\% \times (1/365)$	Rs 328.8
Rs 7000	11 May- 30 May	$20 \times 7000 \times 48\% \times (1/365)$	Rs 383.6
Total interest charges			Rs 1293.2 + taxes @18%

Since MAD has been repaid before the due date in the above scenario, late payment charges would not be applicable.

Illustration 2 - Fresh Purchase when there is unpaid due

Consider the following scenario:

Billing Cycle : 01 April – 30 April

Previous statement generated on : 01 April

Overdue in statement from 01 April: Rs 8000

Due date: 15 April

Repayment made: Rs 1000 on 10 April

Annual Interest Rate/APR: 45%

Suppose a customer makes 1 fresh purchase during this cycle, a purchase of Rs 1500 on 20 April and there are no other transactions in the month of April and May.

Next statement generated on 1 May will have the following overdue:

Amount Due	Period	Interest calculation (Days x Amount x Per day interest Rate)	Interest Charges
Rs 8000	01 Apr–9 Apr	$9 \times 8000 \times 48\% \times (1/365)$	Rs 197.3
Rs 7000	10 Apr – 19 Apr	$10 \times 7000 \times 48\% \times (1/365)$	Rs 191.8
Rs 8500	20 Apr– 30 Apr	$11 \times 8500 \times 48\% \times (1/365)$	Rs 256.2
Total interest charges			Rs 645.2 + taxes @18%

Since the total amount due was not paid in the previous cycle of March, there is no interest-free-period in the month of April. Thus, any new purchase in the month of April will attract interest charges.

III. Billing

a. Billing statements (periodicity and mode of sending): A statement will be shared with you on a monthly basis depending on the bill generation date you select in the card application process. This statement will contain all payments credited and transactions debited since the last statement, along with details

of all charges applicable and details about any active EMIs on the account. Only electronic statements will be shared via email and this will also be available via Fi app.

b. Minimum Amount Due (MAD): Minimum amount due is calculated as 5% of Total Amount Due + EMI debits for the month + any over limit spends + all applicable, unpaid charges and fees including interest charges + GST

A cardholder can choose to pay the total amount due or an amount between total due and minimum amount due.

If you deposit a part of the total amount due or the MAD, the balance outstanding amount payable shall be carried forward to subsequent statements. This amount will attract interest charges until the date of full and final payment. Please note that paying only the Minimum Amount Due every month will result in the repayment stretching over a long period with consequent interest payment on your outstanding balance (as shown in illustration 1 above)

When a repayment is made, it is adjusted in this order:

- Billed cash advance (including interest, fees & taxes)
- Billed purchases (including interest, fees & taxes)
- Unbilled cash advance (including interest, fees & taxes)
- Unbilled purchases (including interest, fees & taxes)

Within these, payment is adjusted in this order: Taxes > Fees > Interest > Purchases

c. Refunds/Chargebacks/Reimbursements: You must pay for the transactions billed in the Credit Card statement to avoid any additional charges being levied. Any refunds, chargebacks or reimbursements which are not shown in the Credit Card statement, should not be adjusted or reduced by you from the Total Amount Due (TAD) on your own when making the payment. No merchant refund/cashback/credit due to transactions converted to EMI / canceled transactions / reversals / promotional cashback will be considered as a payment towards the outstanding of the Credit Card.

Refunds/chargebacks/reimbursements, if any, will be reflected in your Credit Card account, as and when such refunds/chargeback/reimbursement are received and these will be adjusted against your dues in your next Credit Card statement.

d. Method of payment: You will be able to pay outstanding dues via the following methods:

- Send money from your Federal Bank savings account opened via Fi app through electronic modes
- We accept repayments through IMPS and UPI through the Fi App.
- You may make payment through third party applications, however, cardholders should exercise due caution and pay in advance. Federal Bank and/or Fi does not take responsibility for the success of payments through such third party applications

e. Billing Dispute: All the contents of your Credit Card statement will be deemed to be correct and accepted if you do not inform us of any discrepancies within 30 days of the Credit Card statement generation date. You can raise a dispute/grievance in the following ways: You can reach Federal Bank's Customer Care at 1800-296-1199 or email at federalficards@federalbank.co.in. In case of default, the Bank can forward the default report to the Credit Information Bureaus or to such other agencies as approved by law. However, before reporting any default, the Bank will inform the Card Member seven days in advance regarding the Bank's intention of reporting the default. c. In case any dispute is raised on any transactions, the report pertaining to the default will be made only after the dispute is settled. f. The Cardholder expressly acknowledges and accepts that if the Cardholder holds two or more Federal Bank Credit Cards and an Event of Default occurs in respect of one of the Credit Cards, the Bank is authorized to block the Credit Limit as made available to the Cardholder for all his other Credit Cards, as well as forfeit any rights or privileges as made available for all such Credit Cards.

g. The Card Member accepts and acknowledges that classification into Substandard/ Doubtful/Loss NPA will be done as per the RBI Master Circular on Prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP) pertaining to advances which inter-alia includes the following:

- The classification into Substandard/ Doubtful/Loss under NPA will be handled based on combined security apportionment across overall exposure with Bank and ageing rules as specified in RBI guidelines on IRACP. As per the present norm, a credit card account will be treated as non-performing asset if the minimum amount due, as mentioned in the statement, is not paid fully within 90 days from the payment due date mentioned in the statement. If any other facility in the name of the Borrower(s) is classified as NPA, the Facility under the credit card shall also be classified into NPA. In such case, the Facility will not be upgraded as standard asset/s unless and until the Borrower(s) clear the entire arrears / dues in respect of all his accounts (i.e. Arrears/Dues outstanding in all accounts should be zero). If a credit card is classified as NPA due to non-payment of MAD for 90 days, then the entire outstanding amount will be treated as overdue and the card holder needs to make payment for the outstanding balance in the credit card for coming out of NPA status.

- Further, any account where a restructuring arrangement has been availed will be classified as NPA. Settlement and restructured accounts do not qualify for an upgrade unless as specified by IRACP.
- Classification of borrower accounts as SMA as well as NPA shall be done as part of the day end process for the relevant date and the SMA or NPA classification date shall be the calendar date for which the day end process is run. In other words, the date of SMA/ NPA shall reflect the asset classification status of an account at the day-end of that calendar date.

The Card will be classified as Special mentioned Accounts (SMA), when there is an amount pending for payment from the due date/ outstanding amount due. The norms applicable for the classification of SMA is as follows:

SMA Categories	Basis for classification (Principal or interest or any other amount wholly or partly due)
SMA – 0	Up to 30 days from payment due date (PDD).
SMA – 1	More than 30 days and up to 60 days from payment due date (PDD).
SMA – 2	More than 60 days and up to 90 days from payment due date (PDD).

Example regarding classification of an account as SMA and NPA:

If Payment Due Date ('PDD') of a Credit Card account is 31st March 2021, and Minimum Amount Due ('MAD') is not received before this date then on 31st March 2021, the account will be mentioned as SMA – 0. If the account continues to remain overdue beyond 30 days from PDD i.e., beyond 30th April 2021 then

this account shall get tagged as SMA-1 on 30th April 2021. Similarly, if the account continues to remain overdue, beyond 60 days from PDD i.e., beyond 30th May 2021 then this account shall get tagged as SMA – 2. Further, if the account continues to remain overdue, for 90 days from PDD i.e, 28th June 2021, then on 90th EOD the account will be tagged as NPA, i.e, 28th June 2021.

- Brands in the Fi collection can change over time and can be viewed on the Fi App
- Fi-points will be credited only on eligible purchases across categories except for wallet reloads, gold purchases, forex transactions and rent payments
- Maximum of 3000 Fi-points can be earned on a transaction
- 1x and 4x rewards are credited to your Fi-points balance 10 days after the end of the billing cycle. A standard waiting period of 10 days is applied to account for any transaction cancellations or reversals in this period
- If a transaction is reversed because of a refund/ chargeback/ reimbursement, the transaction amount shall be credited back to your Credit Card account. In such instances, the Fi-points (1x or 4x) accrued on those transactions will be reduced from the overall points balance irrespective of the timing of such reversals

Note:

- All transactions after 10 Aug 2025 will be eligible for rewards based on the new structure detailed above and you will earn Fi- points instead of Fi - coins.
- Since rewards are accrued on a statement cycle basis, your first credit card statement on or after 10 Aug 2025 may include transactions from before and after 10 Aug 2025. In this case, you will earn Fi-coins for transactions before 10 Aug 2025 (based on older reward earn structure) and Fi-points for transactions after 10 Aug 2025 (based on new rewards structure). As a one-time transition, Fi-coins accrued in the above cycle will be converted to Fi-points such that you get the same value of rewards. For example, if you have accrued 10000 Fi- coins (worth Rs 300) and 400 Fi-points (worth Rs 100), you will receive 1600 Fi-points (worth Rs 400) in your statement spanning July and Aug.
